Fabric quality protected, no over-drying

Our Smart Sensor customises drying time for precise care. Humidity sensors make sure nothing is ever over-dried, so fabric quality is always protected.

Perfect Pairing with Upside Down Installation

Improved accessibility and space saving with upside down installation. Pair this dryer with Electrolux UltimateCare™ 500 front load washer for a seamless look.

Less wrinkles, effortless elegance

Alternate clockwise and anti-clockwise drum movements reduce clothes tangling and result in up to 32% less wrinkles*. There's less need for ironing too, so fabrics look newer for longer.

*32% less wrinkles vs line drying - tested and certified by THTI

Delicate drying, energy saving

Experience optimum drying performance, even at lower temperatures. Not only could you save up to 6% in energy usage, but your clothes will be protected, too.

*6% lower energy consumption compared to model without energy saving heater.
