Product Benefits & Features

Anti-drip valve.

Pause and pour while brewing thanks to Anti Drip Valve.

- On/Off switch with integrated pilot lamp

Easy clean

The Anti Drip Valve, allows you to take away the coffee carafe while brewing, without the unwanted dripping on the hot plate. That makes for effortless cleaning, and prevents the smell of burnt coffee as well.

12 cups in one go

Serve all your guests at once. The extra large glass carafe helps brew up to 12 cups of coffee for all your guests in one go.
