

Your dishes, consistently delicious

With the 600 SurroundCook® Oven, everything from crisp roast chicken to delicate meringues are cooked evenly. Our oven makes sure the internal temperature is consistent throughout, as the fan circulates air and heat. So you no longer need to turn dishes or adjust trays.

Product Benefits & Features
Evenly cooked with Multilevel cooking

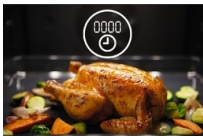

Enjoy even cooking with Multilevel cooking. The additional heating ring means you can cook evenly across three levels. Perfect for creating the fudgiest cookies and sumptuous pies.

Easy cleaning with AquaClean

Cleaning after cooking doesn't need to be a chore - our oven cleans by harnessing the power of humidity. AquaClean evaporates the water at the bottom of the oven and steam loosens otherwise stubborn grease and residue left on its surfaces. So you can easily achieve a natural clean.

Precise settings with our LED timer display

It's easy to keep track of your dishes with our LED timer display. Letting you set exact cooking times and monitor dishes as they cook. It gives you effortless oven control. So you can focus on unleashing your culinary creativity.

Quick and effective, Even Cooking

Our Even Cooking system circulates heat throughout the oven, making sure everything is cooked evenly. All without the need to turn your dish. Our technology means your oven heats up faster saving you time and energy.

Grill for golden results

From crisped bacon to bubbling mozzarella, get more out of your grill than ever before. Perfect for crispy chicken wings and melt in your mouth halloumi.

- Telescopic runners TR1LV included
- Oven cooking functions: Bottom heat, Conventional/Traditional cooking, Defrost, Grilling, Light, Moist fan baking, Pizza setting, True fan cooking, Turbo grilling
- Built-in HxWxD (mm): 590 x 560 x 550
- Electronic oven functions overview: Acoustic signal, Duration, Minute minder, Time
- Multifunctional oven with ring heating element
- Oven energy class: A
- Oven cavity size: 0 l
- Oven cavity with 3 baking levels
- Trays supplied with the oven: 1 Cake tray grey enamel, 1 Dripping pan grey enamel
- Thermotimer oven control
- Retractable knobs
- Easy to clean door
- Oven
- High gloss enamel oven lining, easy to clean
- VelvetClosing® action for a door that closes gently every time
- Built-in oven
- Grids supplied with the oven: 1 Wire shelf chromed
- Appliance HxWxD (mm): 594 x 595 x 567
- Cooling fan
- Top heating element removable for easy cleaning
- A, Fan + Ring, 60x60 cm, Pop in / Pop out flat with sungrind caps controls, Aqua Clean Enamel, Net capacity: 71 l, Temperature range: 50°C - 275°C. Max temp on door: 30°C, Display color: White
- Halogen oven lighting
- Easy Entry Grids
