**Marinate in under ten minutes**

Our vacuum drawer means you no longer have to marinate your food for hours to create delicious results. At the touch of a button, the vacuum sealer marinades in less than ten minutes. It seals in flavours by pushing the marinade into the meat, intensifying the flavours.

**Vacuum sealing keeps food fresh**

Enjoy your food for longer with our vacuum drawer. By removing all of the air from the bag, the food inside lasts much longer than if it was stored normally – it can even triple the lifetime of some products. Food stays fresh, meaning less waste and more choice.

Seal, sous-vide, impress

Experience chef-style cooking and sous-vide with our vacuum drawer. It allows you to cook ingredients, such as steak, carefully to create deliciously soft and tender meat. Food doesn't dry out and flavours are intensified, so you can create culinary masterpieces.

Seal in goodness by vacuuming ingredients in glass jars

Seal in goodness by vacuuming ingredients in these convenient glass jars – simply slot them into the drawer and select the maximum vacuum. Finally, you can preserve and protect the nutrients in dishes using glass jars as well as plastic bags.
