
Product Benefits & Features**Turbo function for instant power boost**

Pressing the Turbo button gives the mixer instant access to all the 600W, resulting in quick and smooth mix. Use this function when you want to save time, or at the end of the mixing.

- Power:600W
- Traditional whisk
- 2 speed settings

**Long lasting durable, metallic foot**

We know that everyday cooking is demanding, and this is why we have designed this product with a metal foot, so you can focus entirely on the recipe and be sure that the product would be there with you in every step of the way.

**Large 600 ml smoothie beaker**

When the creative cooking kicks in, the last thing you need is limitation. This is why this mixer comes with large 600ml beaker, so you can focus entirely on your recipe.

Powerful 600W motor

The powerful 600W motor, helps when mixing tough ingredients, such as seeds for preparing pesto.

BPA Free

The BPA-free parts of the mixer makes it suitable for preparing healthy baby food.
